

Mehak Singh

TEXTILE & APPAREL DESIGNER

I'm a Textile and Apparel design student exploring the interplay of narratives, colours & textures. Driven by a passion for art and world history, I find purpose in bringing stories to life, through thoughtful and intentional design practices.

I'm seeking opportunities to connect, collaborate and co-create with like-minded creatives and studios to work on projects that bring new ideas and approaches to textiles, art, and tradition.

EXPERIENCE

Injiri Jaipur
